Diversey laundry solutions increase linen lifetime up to **30%** - reducing operational cost and environmental impact

UPCYCLE

Diversey™ Consulting

BUY. Diversey's Linen Consulting program helps customers purchase the right quality linen to ensure longevity. Combining that with a low temperature laundry program can provide savings of up to 1/3 on their capital investment

Clax®

USE. Our low temperature laundry solutions allow you to save up to **50%** water and **65%** electricity*

*collected for Clax Polar in the EU.
Clax Polar has recently been launched in Europe and will be rolled out to a number of other countries during 2023. Diversey offers alternative low temperature wash programs where Clax Polar is not yet available.

UPCYCLE. Our Linens For Life™ program turns your used linens into an opportunity to empower resourceless communities by teaching them how to convert discarded linens into ready-to-sell items.

Diversey's focus on the complete linen lifecycle helps businesses to optimize resources while protecting their brand and the planet.
