

Suma[®] OptiFill^{™/MC} Manual Warewashing System

Diversey 

- 1 Accurate dosing and dispensing**
 - Volumetric technology dispenses detergent or sanitizer based on the flow of water from the faucet
 - Reduces the need for re-washing and ensures the right PPM level of active sanitizer
- 2 Maintenance-free and failsafe system**
 - Patented pumping system — the mechanism simply starts and stops based on the flow of water
 - Suma[®] Optifill^{™/MC} requires no set up
- 3 Easy to use**
 - Simply set the system on your sink divider, align the faucet, turn on the water and that's it
 - When you no longer need to use the system, simply store it away
- 4 Safe to handle**
 - Lightweight, non-slip design for easy portability
 - Tamper-proof, spill tight packaging to prevent accidental spillage or misuse of the chemicals
- 5 Reduces waste**
 - Super concentrate (1:2500) produces 1600 gallons (6055 liters) of usable solution to cut down on packaging, reduce transportation costs
 - Bottle is 100% recyclable and is manufactured from 25% post-consumer recycled materials
- 6 Minimizes kitchen clutter**
 - Portable system that's ideal for use in any kitchen
 - One unit can service multiple sinks
 - No hoses or wall mounted fixtures, it won't harbor germs or create kitchen clutter
